

UTTIYO BHATTACHARYA

Director of Operations – South Asia

Uttiyo is an architect by training and has worked as an architect, designer, writer, and creative producer across project typologies and creative verticals. He has been Producer and Design-Leader for complex projects in Culture, Hospitality, Commercial and Luxury. He possesses 15+ years' experience in leading projects and teams in multiple geographies including Europe, The Middle East, the United States, Africa, and India. These include involvement in museum & cultural projects, retail, hospitality, mixed-use developments, industrial infrastructure, and military installations.

Besides having established and run a diversified design practice in India, he has worked as an actor on stage, and has held management positions in media & entertainment enterprises. He is also a published author and a screen-writer for media projects under development in Hollywood and Mumbai.

At Lord Cultural Resources' South Asia offices in Mumbai, his role spans operational responsibilities in ongoing projects, as well as business development activities in the greater South Asia region.

A non-exhaustive and non-chronological listing of his ongoing projects at Lord Cultural Resources, and from his past experience are:

- Bihar Museum – Master Planning & Exhibit Development
- Statue of Unity Museum
- Dr APJ Abdul Kalam Science Centre
